

AQUAJET

JET-SKI ÉLECTRIQUE ENFANT

WATT
& **BOAT** 

A MINI ELECTRIC JET SKI DESIGNED FOR KIDS.

With the Aquajet, a boat for children specially designed for fun and safe navigation, even the youngest can already experience the joys of water sports. And this, from the age of 3, accompanied by an adult! Thanks to the electric motorization of the Aquajet jet ski, its lithium battery, and its long autonomy, everyone can enjoy a long navigation, safely.

A PLAYFUL ELECTRIC JET SKI, FOR EMBARKING ON AN ADVENTURE.

With the Aquajet, all children will be able to venture out onto the water, solo or in pairs. The boat and its reliable and high-performance electric motor will give them the opportunity to enjoy navigating freely, in the heart of nature, independently.

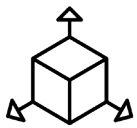

AN ELECTRIC BOAT, ECO- DESIGNED & RECYCLABLE, FOR A SUSTAINABLE FUTURE.

With a hull designed with natural fibers, the Aquajet jet ski is one of the first eco-designed electric boats on the market. With it, Watt & Boat reinforces its commitment to sustainable development, which has already been significant for several years.
